

SPORTS FIELD PRODUCTS & SERVICES

THE PROFESSIONAL'S CHOICE

Sod Types Available:

GHG Ultimate Natural Sports Turf

GHG Ultimate Sports Turf is established using Greenhorizons Sod Farms Leading Edge Turfgrass Technology. It is a combination of the latest proven Kentucky Bluegrass cultivars selected through years of research. Research is evaluated from the National Turfgrass Evaluation Program (NTEP) alongside Greenhorizons Sod Farms' own research and testing to choose the best varieties of Kentucky Bluegrass for sports fields in Southern Ontario.

GHG Premium Bluegrass

Greenhorizons Premium Bluegrass is a combination of research chosen Kentucky bluegrass cultivars, selected through years of trials. This blend is suited to a variety of locations and applications from sports fields and golf courses to landscapes. The varieties that are blended into GHG Premium Bluegrass are chosen for their high density, disease resistant, winter hardiness, fast recovery, and incredible deep green color.
