

GREENHORIZONS PRODUCT DATA SHEET

GREENS BENTGRASS BLEND

GHG Greens Bentgrass blends are the product of industry leading bentgrass varieties combined with centuries of turfgrass cultivation experience. Each of these varieties has been consistently rated amongst the top bentgrasses in the National Turfgrass Evaluation Program (NTEP) field trials for performance under pressure. Designed to create true greens surfaces with excellent resistance to heat stress, drought stress and wear, our blends also boast outstanding disease resistance.

IDEAL APPLICATIONS

- Golf course greens

DETAILS

Our GHG Greens Bentgrass Varieties are maintained at 3/16" on a USGA specification rootzone mix at a facility in Southwestern Ontario that is central to our customer base to ensure timely shipping of product. Whether your project requires our GHG Greens Bentgrass for small repairs or all of your greens, count on us to deliver outstanding quality sod every time!
